

GGE TEAM ATTENDS EUROSHOP IN DUSSELDORF

Euroshop, the premier design fair for both the exhibition industry as well as the retail industry, lured GGE's design director, Chris Radovich; Bruce Clark, director of retail sales; and John Moyes, Principal, to Dusseldorf for a week of learning about new design trends and materials that will influence global three dimensional marketing for the next several years. John Moyes traveled on to Stuttgart where as an Executive Board Member of the Octanorm Service Partners International (OSPI) he connected with other stand builder members from around the world.
